OVERVIEW

- 1/2 Versatile and functional, thanks to the reclining backrest that allows you to take two different positions, such as a classic sunbed. With its ergonomic inclination, this product follows the natural lines of the body, offering unmatched comfort.
- 2 This attention to details not only improves the experience of use, but also optimizes the performance, ensuring stability and versatility in any situation.
- 3 Made up of two parts: seat and backrest. It has a plywood base to give more stability to the foam rubber and six feet that lift it from the ground ensuring ventilation and avoiding contact with wet or moist surfaces.

MATERIAL

Fabric: It is possible to make it in both nautical eco-leather and 100% past-dyed acrylic fabric.

Nautical eco-leather: characterized by anti-mold, antibacterial, resistance to UV rays, resistance to tearing, both at low and high temperatures, resistance to weathering, without heavy metals, formaldehyde, mercury, common solvents, and fire resistance, 100% waterproof. Its strong point is easy maintenance.

Fabric: made with an innovative 100% high-tenacity acrylic fiber, dyed in paste, which has excellent color fastness to sunlight and resistance to UV rays, guaranteed for 3 years.

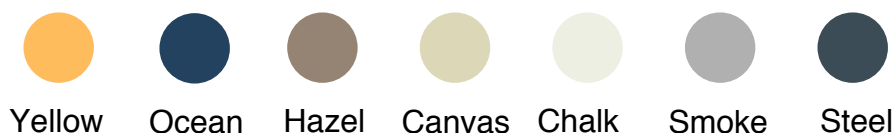

It is available in a wide range of solid colors with hydro-repellent treatment and vinyl coating, guaranteeing 100% waterproofing.
